

## We're onexone

OnexOne exists to see lives impacted through generosity, one by one. Every donation to OnexOne is distributed across our four themed funds. Each fund supports a portfolio of NGO partners with a strong track record of creating impact.

A single gift to OnexOne makes a difference to people and causes all around the world. From advancing the Christian faith, to helping people find freedom from violence, to providing assistance in emergency situations, to supporting opportunities for education and employment - the impact of each donation is multiplied over and over again!

We support a portfolio of small charities through our four themed funds. These charities are all making a significant and measurable positive impact in their area of work.

Mission

**Our Vision:**  
To impact lives through generosity, one by one.

### MISSION:

**Our mission for our community of generous givers:**

We will take the work out of selecting which NGOs to support. We undertake research and build strong relationships with NGOs so our community can maximise their impact across multiple organisations.

**Our mission for our NGO partners:**

We will help our NGO partners amplify their impact by engaging our community of givers and boosting advocacy through our social media platforms and publications. This will provide our partners with consistent financial support, allowing them to focus on what they do best - impacting lives, one by one.

## A Story from our Partner, Justice Rising

“It has probably become more dangerous to be a woman than a soldier in an armed conflict” - Major General Patrick Cammaert. This is certainly true of Louise's story. Louise lives in Kalembe, DRC. The day Louise she buried her Father, her Mother left the house, leaving Louise to care for her 5 young brothers.

Shortly after, rebels came to Louise's village. Louise took her younger brothers and ran. With one brother on her shoulders, another on her back and the others in her hands, Louise crossed a deep and dangerous river to escape. Shortly thereafter, Louise was visited by six men who took her by force and assaulted her. Louise thought her life was over; she felt hopeless.

Soon after, Louise met Justice Rising. Justice Rising spoke with Louise and provided her with a job in one of their schools. Due to Louise's new income, her brothers went from being malnourished to well fed and thriving. The children Louise is teaching are full of hope and doing well. Louise used to feel rejected by God but today she says she is free.
